Business Summary

Franchise One specializes in spoiling dinner by providing consumers with snacks, dips, and mixed drinks. It has over 950 locations worldwide and prides themselves on providing quality products and continuing training and support for their franchisees. Franchise Two is the largest candy store chain in the nation. Each of the 332 worldwide locations offer approximately 300 candies and other confectionery products. During the Christmas, Easter, and Valentine's Day holiday seasons, the company may make as many as 100 additional items, including many candies offered in packages specially designed for the season. The Northwest Arkansas location has both of these incredible opportunities under one roof! Half of the store offers the high quality snack products and mixed drinks while the other half supports the satisfaction of any candy craving. This is such a unique opportunity for anyone who had a dream of owning their own candy store and operating a successful business. Even in a slow economy, this new business has experienced steady sales and growth.
